BOOK LIST: Karpov - Korchnoi 1974. W.R. Hartston & R.D. Keene 94 pages.
Oxford University Press 95p.

Promptly on 2nd December this slim and elegant little book came out to tell the Chess public the full details of the World title challenge match to decide who (if any) should meet Bobby Fischer in July next. Oxford University Press are to be congratulated on obtaining the services of two of our best young players to give us a round commentary on 24 games in a match which may possibly rank as the actual World title contest. The scores are given in algebraic notation (with a helpful page explaining to the uninitiated the merits and demerits of the old and new systems) and the writers' analysis is close and competent.

A book to entertain and instruct players of all grades. J.J.L.

SECRETARIES COLUMN (with a word or two for Treasurers).

After the first year and 2,000 players taking some part or other in the events concerned, the CUTTY SARK authorities have decided to continue to sponsor chess during 1975 and all County Secretaries should study, with the aid of their Hon. Treasurers several new provisions as specified in the 1975 Rules for the Grand Prix. Copies of these are obtainable from Cutty Sark Public Relations Division, 42 Albemarle Street, London W 1X 3FE.

One innovation is that tournaments that have been running for 5 or more years consecutively will rank for points and this will admit the individual tournaments of all our counties, and possibly secondary events such as Surrey's Slater-Kennington event and Middlesex's Poole Cup. Counties who wish to have their 1975 events ranking for Grand Prix points should advise Mr Leonard Barden of the details of such competitions and note that the final results must be sent to Mr Barden before 1st September, 1975.

A further concession is that additional Grand Prix points will be awarded to all competitions, tournaments and congresses where ALL players are registered with the B.C.F. before the event begins. (And this is where the Hon. Treasurers come into action!). Counties who actually organise their own congresses or have them run in their area by other people will be very interested to see if the "closed shop" principle is adopted by such congresses, as in the case of East Anglia where B.C.F. Membership is essentially a condition of entry. The Editor is aware that already several congress organisers are looking very carefully at this new concession and no doubt all club and county secretaries will advise their members to ascertain if the tournament they consider entering does or does not qualify for extra points.

C O N G R A T U L A T I O N S

To G.S. Botterill on winning the 1974 British Championship after a strenuous play-off with the other members of the Magnificent Seven who finished equal firsts at Clacton last August.

To the TEN players who scored $4\frac{1}{2}/6$ at Islington and shared first place in the London Open (too many to list individually), to two juniors, H Hakki (Catford School) and P. Pritchard (Loughton), who scored $6/6$ to win the first prize in the London Minor.

To G.H. Bennett and A.J. Miles who shared the Cutty Sark Grand Prix after twelve months hard labour in various events up and down the Country and to Michael Basman who collected third prize. (All three finished with $4\frac{1}{2}$ points at Islington).

Certainly the name of CUTTY SARK has been large in the story of British Chess in 1974 and, as for 1975, please see notes in the stop press page which promise even more pleasures for those who enjoy highly competitive chess.
